

Dick Pics

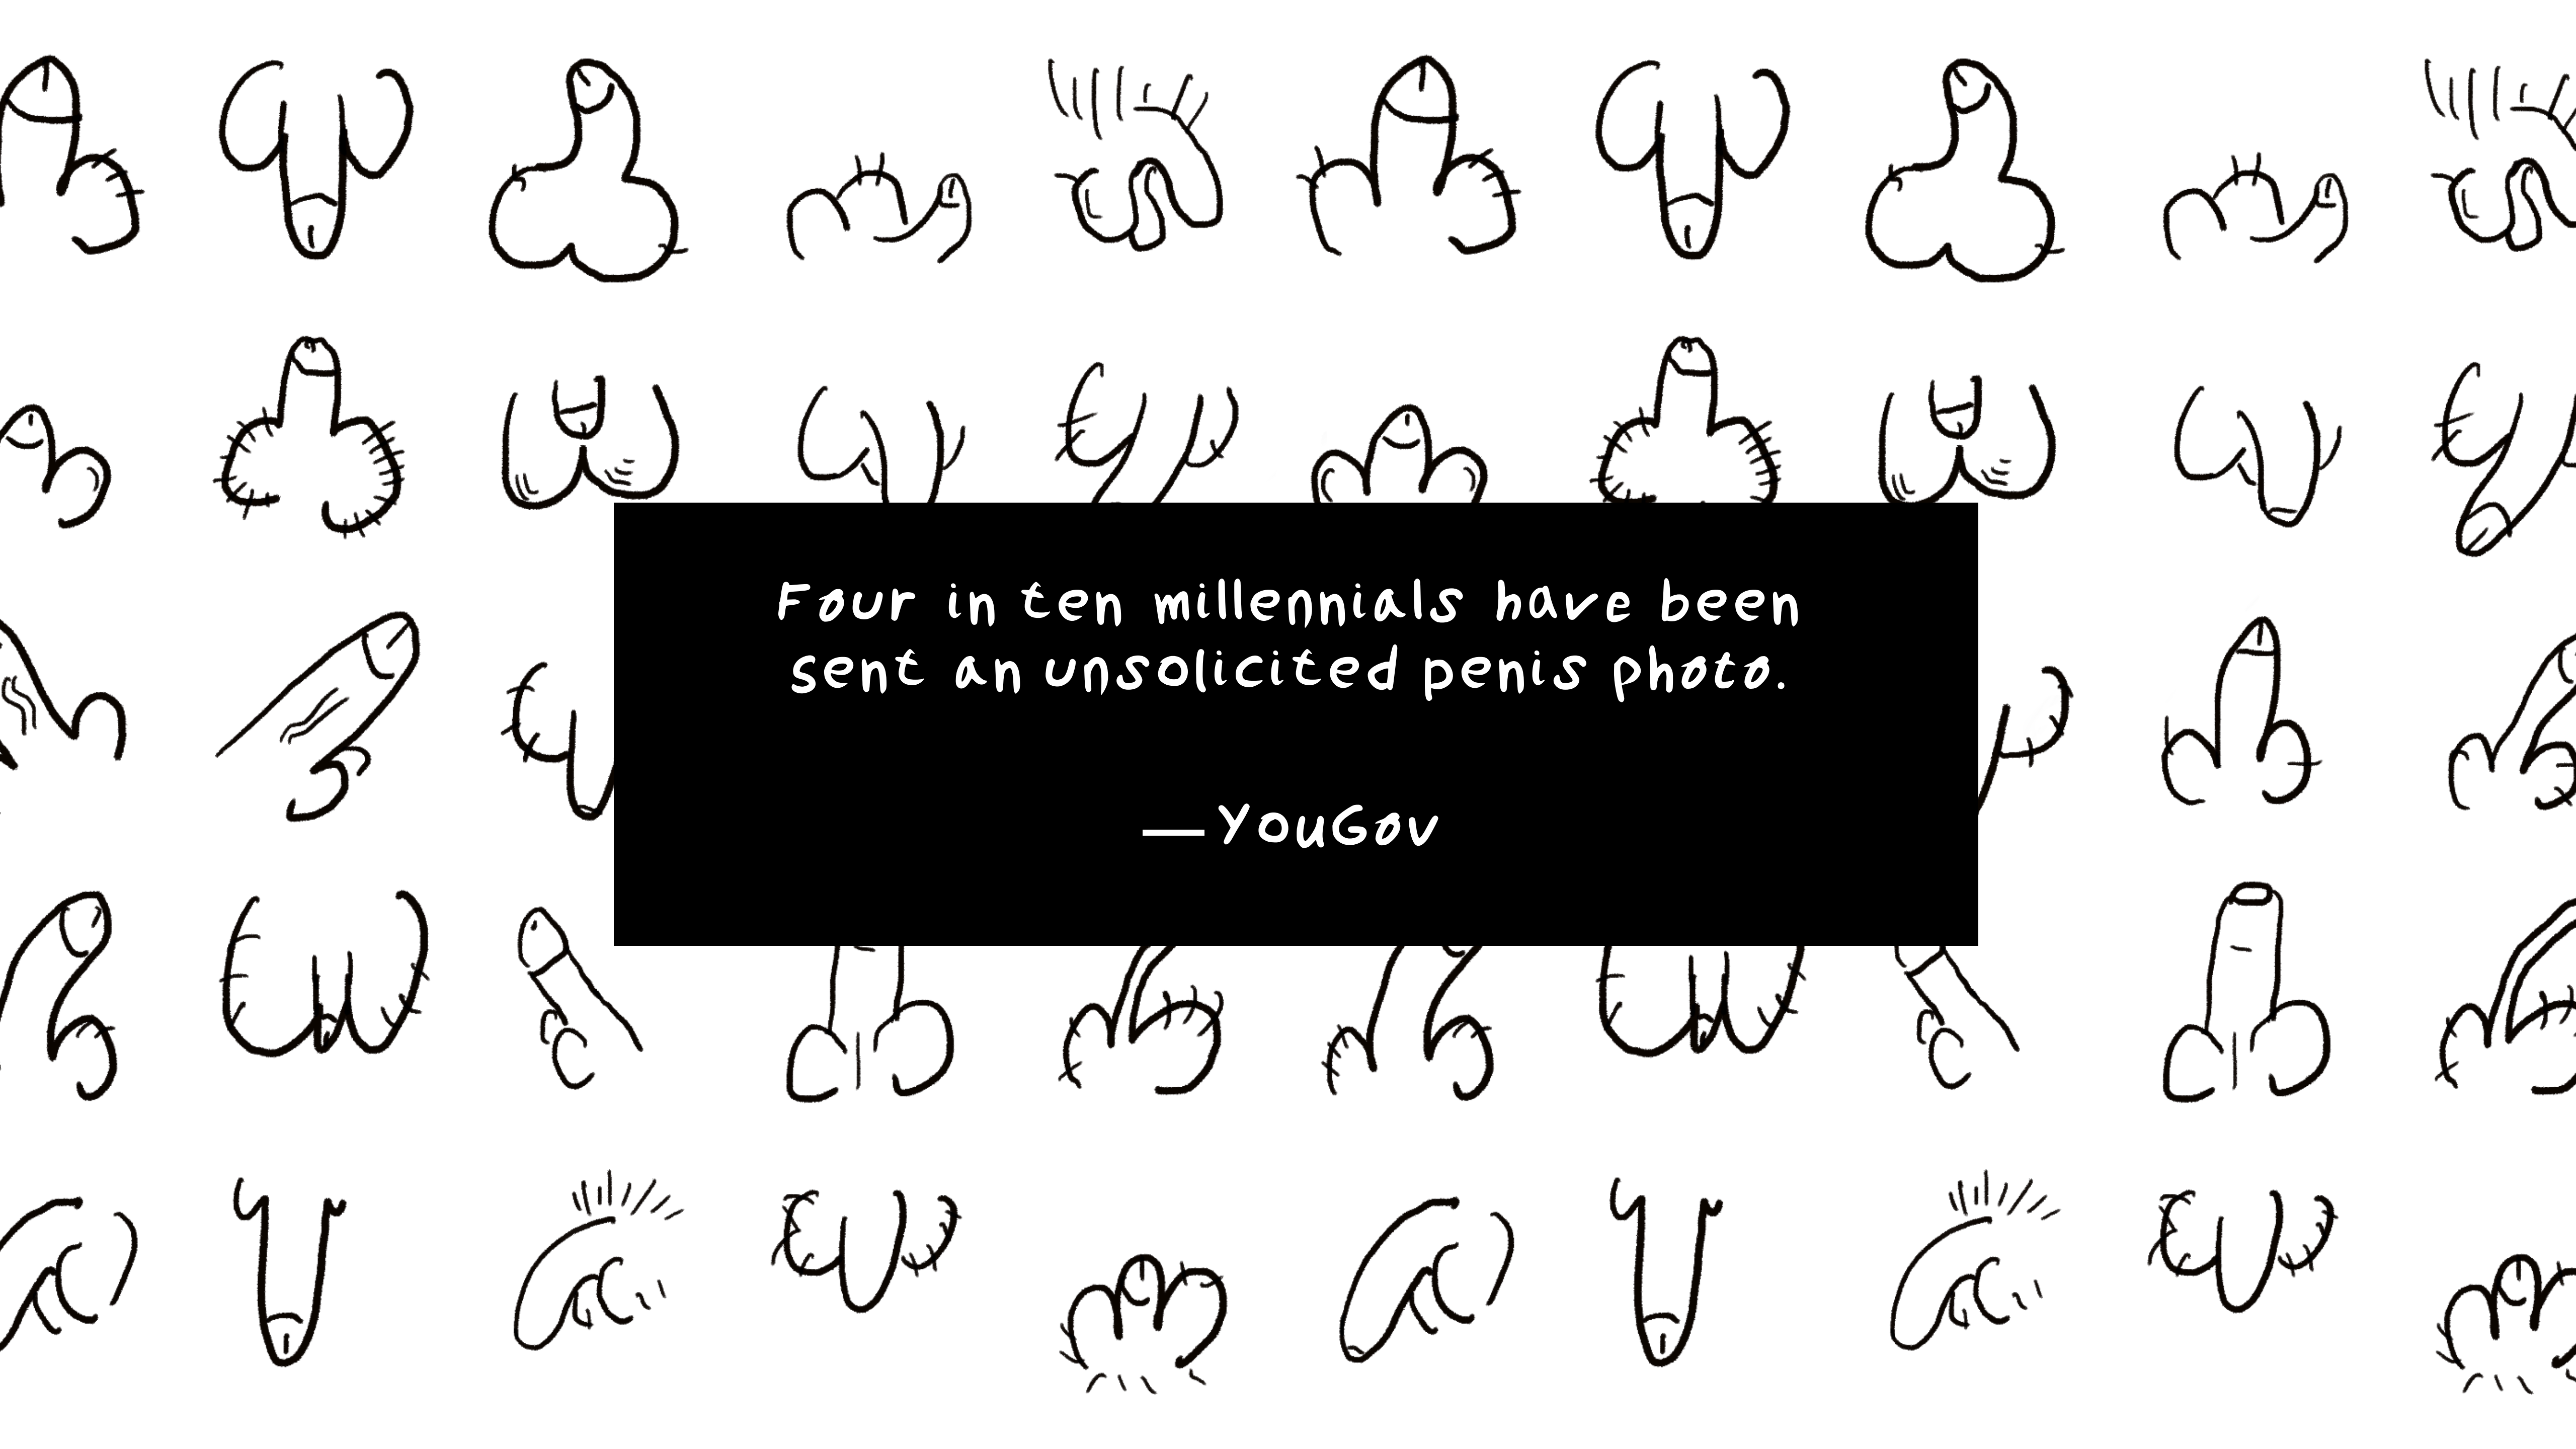

because wtf dudes

Okay. Hear us out.

"How are you?" Dick pic. Minding your own business. Dick pic. Dick pic this. Dick pic that. Dick pic hit me like a baseball bat. There are men who exist out there who think that it's somehow okay to send them. There are thousands of women out there who think, Oh, here's another unsolicited cock in my inbox.

And we think it's time to do something about it.

Four in ten millennials have been sent an unsolicited penis photo.

A CHARITY AUCTION THAT RAISES
LOADS OF MONEY FOR WOMEN'S CAUSES
WHILST HIGHLIGHTING HOW
PROFOUNDLY NOT OKAY IT IS TO SEND
PEOPLE PHOTOS OF YOUR KNOB

Here's how it works:

- 1) Be a high-profile woman
- 2) Pick a charity
- 3) Draw a cock and/or balls
- 4) Send it to us

Your artwork can look however you want, using whatever medium you like. Dicks come in all kinds of shapes and sizes, you know.

Then...

- 5) We'll turn your cock and/or balls into an NFT
- 6) We'll auction it off to the highest bidder
- 7) ALL proceeds go to your chosen charity

Also, cocks constitute some of the world's oldest graffiti. So, it's okay. It's not bad taste. It's historical.

We'll take a small (3%) handling fee to do this. Just to cover costs.
